

14. Lockers

Lockers are available for student use in each Whanau at a cost of \$5. Use of a locker is a privilege. Whanau Leaders will allocate lockers to each student who wishes to use one, and maintain a register of this allocation. Students are to provide their own locks. The lockers should not be marked or labelled or have stickers applied, either inside or outside. If a Whanau Leader believes the contents of the locker are a health hazard e.g. due to food left in lockers, etc., they reserve the right to remove the lock and inspect and clear the locker. Students found to be misusing lockers will lose this privilege.
